v.

Civil Action No. B-02-154

UNITED STATES OF AMERICA,
Defendant.

**BRIEF IN SUPPORT OF THE UNITED STATES
MOTION TO DISMISS AND ALTERNATIVE MOTION FOR SUMMARY JUDGEMENT**

TO THE HONORABLE JUDGE OF SAID COURT:

Defendant, United States of America, moves to dismiss this lawsuit for want of subject matter jurisdiction and failure to state a claim. See FRCP, Rules 12(b)(1) and (6). In the alternative, the United States seeks a summary judgment as to all issues raised by the Plaintiff in his Complaint. See FRCP, Rule 56(b).

The United States is immune from suit on the basis that the allegations raised by the Plaintiff fall under the discretionary functions of officials with the United States Bureau of Prisons. Such discretionary functions are specifically exempt from coverage under the Federal Tort Claims Act. See 28 U.S.C. 2680(a). Therefore, when applied, subject matter jurisdiction is removed from this Court therefore requiring a dismissal of the lawsuit under Rule 12(b)(1) and (6) of the Federal Rules of Civil Procedure.

1. Background

The plaintiff, Luis Alejandro Garza, is an inmate who is currently serving two concurrent terms of imprisonment, each of 324 months, to be followed by five years of supervised release, for conspiracy to possess with intent to distribute in excess of five kilograms of cocaine. The sentence was imposed on July 24, 2000 by United States

District Court Judge Hilda G. Tagle of the Southern District of Texas.

At the time the incident at issue occurred (February 6, 2001), Plaintiff was confined at the United States Federal Correctional Institution located at Three Rivers, Texas. His current place of confinement is the United States Penitentiary (USP), Pollock, Louisiana, where he was designated on September 17, 2002.

On February 6, 2001, there was a disturbance at FCI, Three Rivers, in the course of which the plaintiff and three other inmates, Felipe Castro-Ontiveros, Jesus Martinez-Orosco, and Jose Jaime sustained injuries. The disturbance involved several inmates with rival gang affiliations. See Defendant's Exhibit 1¹, pp. 002 and 015. Ultimately, three inmates were found guilty of "Aiding and Abetting an Aggravated Assault" and sentenced to additional terms of confinement. *Id.* at p. 012.

The plaintiff's injuries included severe head trauma, a laceration to the forehead, and numerous contusions and abrasions on the upper body. He was first taken to the Beeville Hospital, and from there he was airlifted to Spohn Memorial Hospital in Corpus Christi. *Id.* at p. 002.

Plaintiff timely submitted an administrative claim seeking money damages from the United States for the injuries he received as a result of this incident. That claim was denied on March 4, 2002. See Plaintiff's Complaint, para. 5. Then, on July 26, 2002, Plaintiff filed the suit at bar asserting that the United States "was negligent by failing to use ordinary diligence to keep its prisoners safe and free from harm", and that this negligence

¹Defendant's Exhibit 1 is a copy of an Incident Report prepared as a result of the February 6, 2001 incident at issue in the Plaintiff's Complaint. Information reflecting an individual's known or suspected gang affiliation has been withheld in an effort to protect these individuals from possible reprisals due to known or suspected gang affiliations.

“was a proximate cause of serious and permanent injuries suffered by the plaintiff.” See Plaintiff’s Complaint at para. 6; the Complaint also cites to 18 U.S.C. 4042.

The United States filed its answer denying liability. In its answer to Plaintiff’s Complaint, the United States affirmatively asserted that this Court lacked subject matter jurisdiction over Plaintiff’s claims and that Plaintiff’s claims failed to state a claim upon which relief can be granted.

2. Argument

A. An Overview of Discretionary Function

The discretionary function exception to the FTCA is set forth at 28 U.S.C. § 2680(a). It provides that the Federal Tort Claims Act’s waiver of the United States sovereign immunity does *not* extend to:

Any Claim based upon an act or omission of an employee of the Government, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation be valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a federal agency or an employee of the Government, whether or not the discretion involved be abused.

Thus, when applied, the discretionary function exception removes a suit from the subject-matter jurisdiction of the court. Buchanan v. US, 915 F.2d 969, 970 (5th Cir. 1990). The Supreme Court has provided the rationale underlying the discretionary function exception and an analytical approach to determine its applicability.

In United States v. S.A. Empresa de Viacao Aerea Rio Grandense (Varig Airlines), 467 U.S. 797, 808 (1984), the Court stated that the discretionary function exception

“marks the boundary between Congress’ willingness to impose tort liability upon the United States and its desire to protect certain governmental activities from exposure to suit by private individuals.” United States v. S.A. Empresa de Viacao Aerea Rio Grandense (Varig Airlines), 467 U.S. 797, 808 (1984). Accordingly, the Court recognized that Congress believed that imposing liability on the government for its employees’ discretionary acts “would seriously handicap efficient governmental operations.” Varig Airlines, 467 U.S. at 814.

In United States v. Gaubert, 499 U.S. 315 (1991), the Supreme Court continued to emphasize this purpose. As it did in Varig Airlines, the Court continued to stress that the purpose of the discretionary function exception was to “‘prevent judicial ‘second-guessing’ of legislative and administrative decisions grounded in social, economic, and political policy through the medium of an action in tort.” Gaubert, 499 U.S. at 323, *quoting Varig Airlines*, 467 U.S. at 814. However, in Gaubert, the Court also provides and describes a two-part test used to analyze an FTCA case to determine whether the discretionary function defense applies.

First, a court should consider the nature of the conduct and determine whether it involves “‘an element of judgment or choice.’” United States v. Gaubert, 499 U.S. 315, 322, 328 (1991) *quoting from Berkovitz v. United States*, 486 U.S. 531, 536 (1988). If the government conduct in question does *not* involve such judgment or choice, the discretionary function exception would *not* apply. For example, “if a ‘federal statute, regulation, or policy specifically prescribes a course of action for an employee to follow’”, the requirement of judgment or choice is not satisfied “because ‘the employee has no

rightful option but to adhere to the directive.” *Id.*

Once the United States establishes that the act or conduct in question involved judgement or choice, *Gaubert* instructs us to focus on “the nature of the actions taken and on whether they are susceptible to policy analysis.” *Gaubert*, 499 U.S. at 325. Hence, the court must focus on “the nature of the conduct, rather than the status of the actor.” *Varig Airlines*, 467 U.S. at 813; see also, *Buchanan v. United States*, 915 F.2d 969, 971 (1990).

In other words, the government must show that the challenged conduct was the sort of conduct the discretionary function was designed to shield. *Id.* If it is, the court must dismiss the case for want of subject matter jurisdiction—even if the challenged conduct was an abuse of that discretion. *Id.*; see also, 28 U.S.C. 2680(a).

B. The Discretionary Function Exception Applies in the Case at Bar.

In the case at bar, the plaintiff alleges that “Defendant was negligent by failing to use ordinary diligence to keep its prisoners safe and free from harm.” Plaintiff’s Complaint at para. 6. In support of this allegation, Plaintiff cites to 18 U.S.C. 4042. This statute requires the Bureau of Prisons, through the United States Attorney General to:

- (1) *have charge and management and regulation of all Federal penal and correctional institutions;*
- (2) *provide suitable quarters and provide for the safekeeping, care, and subsistence of all persons charged with or convicted of offenses against the United States, or held as witnesses or otherwise;*
- (3) *provide for the protection, instruction, and discipline of all persons charged with or convicted of offenses against the United States;*
- (4) *provide technical assistance to State and local government in the improvement of their correctional systems; and,*
- (5) *provide notice of release of prisoners in accordance with subsections*

(b) and (c).²

18 U.S.C. 4042(a)(1)-(5).

It is assumed that Plaintiff--based on the facts he has alleged--believes the government to be negligent in failing to "provide for [his] protection" while confined at the United States Penitentiary at Three Rivers, Texas. As pleaded, the discretionary function exception of the Federal Tort Claims Act should apply.

1. Choice

By citing to 18 U.S.C. 4042, Plaintiff suggests that since he was injured while in the custody of the Bureau of Prison's, the government was negligent in its general duty to provide protection for him—one of its inmates. However, "even though a statute or regulation imposes a general duty on a government agency, the discretionary function exception may still apply if the agency retains sufficient discretion in fulfilling that duty." Cohen v. United States, 151 F.3d 1338, 1342 (11th Cir. 1998). In Cohen, the Eleventh Circuit reasoned that "'(w)hile it is true that § 4042 sets forth a mandatory duty of care, it does not, however, direct the manner by which the Bureau of Prisons must fulfill this duty. The statute sets forth no particular conduct the Bureau of Prisons personnel should engage in or avoid while attempting to fulfill their duty to protect inmates.'" Id. at 1343, citing Calderon v. United States, 123 F.3d 947, 950 (7th Cir. 1997).

The Fifth Circuit recognized as much in its 1990 opinion in Buchanan v. United States, 915 F.2d 969 (5th Cir. 1990). In Buchanan, federal inmates brought an FTCA suit

²Sections (b) and (c) of this statute, which are not provided here, relate to the Bureau of Prison's obligations regarding the issuance of "Notice of Release of Prisoners" and "Notice of Sex Offender Release" which are clearly not at issue in the case at bar.

against the United States as a result of the 1987 Cuban National riots that took place at the Federal Correctional Facility located at Oakdale, Louisiana. In affirming the United States entitlement to dismissal under the discretionary function exemption, the Court noted that "...no statute, regulation, or policy does, or indeed could, specifically prescribe a course of action for prison officials to follow in every prison uprising". *Id.* at 971.

In the case at bar, Plaintiff and others were attacked by "multiple inmates" at the Recreation Yard of the Federal Correctional Institution at Three Rivers, Texas. See Defendant's Exhibits 1 (pp. 002 and 015) and 2 and Plaintiff's Complaint at para. 6. An investigation of the incident indicated that as many as forty inmates may have been involved in this fight. See Defendant's Exhibit 1, p. 004. The prison facility at Three Rivers was placed in a lock down status and every inmate was interviewed. *Id.*, pp. 002-003. Prison officials from all departments of the facility acted in a swift and efficient manner in order to gain control over a dangerous situation and provide medical assistance to those in need of it. See Defendant's Exhibits 1 (pp. 017-034) and 2.

This situation, like that in the Buchanan case, was an event requiring prison officials to act quickly in a chaotic atmosphere—using their best judgment—to bring a violent situation under control. Title 18 U.S.C. 4042 does not tell the government or its employees what they are to do to quell the violence. That is impossible.

As stated by the Declaration of Allen Beard, the Captain at the Three Rivers facility on February 6, 2001, "[c]entral to the BOP's management practices is the principle that all staff members are considered first to be correctional workers first, and then to be teachers, case managers, secretaries, or whatever their position titles may be." Defendant's Exhibit 2. As such, "the management of inmates requires flexibility on the part of the staff." *Id.*

Therefore, Three Rivers officials, in exercising their obligation to protect the plaintiff, had to exercise their judgement and make choices in how they were going to protect him.

2. Choices Were Policy Based

Next, we must consider whether “the nature of the decision or conduct at issue is “susceptible to policy analysis.” United States v. Gaubert, 499 U.S. 315, 325 (1991).

In Buchanan, the Fifth Circuit approached this issue by quoting from the Supreme Court’s opinion in Bell v. Wolfish, 441 U.S. 520, 547 (1979):

Prison administrators ... should be accorded wide-ranging deference in the adoption and execution of policies and practices that in their judgment are needed to preserve internal order and discipline and to maintain institutional security.

In the case at bar, the Bureau of Prisons has set no specific numerical limits governing how many inmates there are to each staff member nor has it established any numerical limits on the number of inmates who may congregate at any one particular time. Rather, the Bureau of Prisons officials are expected to exercise sound correctional judgement in determining how inmates are classified and how many inmates may congregate at any one time, place, or occasion. See Defendant’s Exhibit 2.

Such “minute to minute decision making”, as was necessary on February 6, 2001, should be considered “an activity requiring the exercise of discretion...” Buchanan, 915 at 972. In this suit, Plaintiff is asking this court to “second guess” the decisions of prison officials. To do so, would be to expose the government to tort liability where the Congress did not intend it to be. Id.

Accordingly, the United States should be dismissed from this suit pursuant to the discretionary function exemption.

C. Conclusion

The discretionary function exception to the Federal Tort Claims Act applies in this case. Therefore, this lawsuit should be dismissed for want of subject matter jurisdiction and failure to state a claim upon which relief can be granted. To the extent that this Court may deem it necessary to look to matters beyond the scope of the pleadings herein, the Defendant moves, in the alternative, for summary judgment on the basis that, as a matter of law, Defendant is entitled to judgment.

SUBJECT:

SIS Casefile #I-0682
Assault- Inmate on inmate

INCIDENT

On February 6, 2001, at approximately 7:06 p.m., Recreation Yard staff observed a commotion and several inmates running near the Bocci ball/Weight cage area. Upon responding, they observed inmate Castro-Ontiveros, Felipe #25117-177, lying on the ground bleeding from head injuries. Inmate Garza, Luis #92434-079, was also found nearby, lying on the ground bleeding from head injuries. Responding staff secured the Recreation Yard and transported inmates Garza and Castro-Ontiveros to the Health Services Unit. Medical staff conducted injury assessments on both inmates and determined they sustained severe head trauma. Both inmates were transported to Spohn Beeville Hospital by ambulance for treatment and were subsequently airlifted to Spohn Memorial Hospital, Corpus Christi, for further treatment. A census was conducted of all inmates on the Recreation Yard and checked for injuries. Inmates Jaime, Jose #89539-079, and Martinez-Orosco, Jesus #71774-079, [REDACTED] were found to have facial injuries. They were examined by medical staff and placed in the Special Housing Unit. Preliminary investigation revealed at least 40 Border Brother gang members assaulted inmates Garza, Castro-Ontiveros, Jaime and Martinez-Orosco. The assault was a result of Border Brother gang members attacking Texas Syndicate gang members. The institution was locked down and additional staff recalled to the institution. All identified Border Brother gang members and associates were placed in the Special Housing Unit. All identified Texas Syndicate gang members and associates were also placed in the Special Housing Unit. The FBI was notified and responded to the institution at approximately 10:00 p.m. The institution was placed on lock down status pending mass interviews and further investigation. The case was referred to the AUSA and accepted for prosecution.

INVESTIGATION

On February 06, 2001, inmates on the Recreation Yard suspected in the assault were placed in the Special Housing Unit. Their clothing was confiscated and placed in individual paper sacks. Each sack was labeled as evidence and issued an ECN number.

On February 7, 2001, mass interviews were conducted of the entire FCI inmate population. The FBI and DPS evidence recovery team responded to the institution at approximately 9:00 a.m., and collected evidence at the crime scene.

WITNESS INTERVIEWS

On February 10, 2001, at 9:00 a.m., the SIS Office conducted an interview with Confidential Informant #R13011. C/I #13011 provided the following statement: I was playing basketball on the outdoor basketball court. Fifty Border Brothers started running from the handball court. One inmate got hit with a pipe or something. Another inmate by the weight cage got seriously assaulted. I ran towards the indoor basketball area as the Border Brothers were behind me. I thought they were after us, (Black inmates). A little bald headed inmate got hit with a pipe or something near the large gates near the officers station. About six inmates jumped him.

C/I #13011 was provided a photograph spread sheet and provided the following information. C/I #13011 stated inmate Hernandez Mendez #50118-079, was the first inmate to assault inmate Castro by the weight cage. He stated he observed inmate Acosta-Licea by the handball court, but did not see him fighting. C/I #13011 stated he observed inmate Marrufo-Ortiz assaulting inmate Castro by the weight pile by hitting him with a bocci ball. Inmate Acuna was observed assaulting inmate Castro by the weight pile. Inmate Giles-Rodriguez was observed assaulting inmate Castro also. C/I #13011 stated he observed inmate Garcia-Becerra digging a knife out of the dirt before the assault occurred. He stated he observed inmate Benitez-Dominguez also digging in the dirt looking for a knife. He said inmate Garcia-Aguilar assaulted inmate Garza near the ice machine.

On February 10, 2001, at 9:20 a.m., the SIS Office conducted an interview with Confidential Informant #13012. C/I #13012 provided the following statement: I was working out near the pull up bars. Several Mexican inmates started running around, so I made my way up front to get out of the way of things. I did not see any inmates fighting with weapons. I don't know who they were after, but there were two Mexican inmates hauled out of the Recreation Yard on stretchers. I would not want to testify in court.

On February 10, 2001, at 9:40 a.m., the SIS Office conducted an interview with Confidential Informant #13147. C/I #13147 made the following statement: I was at the bocci ball court when I saw people running from the handball court. There were a bunch of Mexican inmates fighting. I could not recognize who was fighting because there were so many of them. Some of the inmates grabbed bocci balls and took them into the fight. I would not want to testify in court.

On February 10, 2001, at 9:45 a.m., the SIS Office conducted an interview with Confidential Informant #14111. C/I #14111 stated the Border Brothers got word a week ago about an assault on Border Brothers by the Texas Syndicate, Barrio Aztecas and Black inmates in Leavenworth. C/I #14111 said the PRM gang members did not back up the Border Brothers on their assault on the Texas Syndicate.

On February 10, 2001, at 9:50 a.m., the SIS Office conducted an interview with Confidential Informant #13158. C/I #13158 provided the following statement: I was playing bocci ball with another inmate on the bocci ball court closest to the weight cage. I saw hordes of Mexican inmates running my way from the handball court. Half of them went around the weight cage and trapped two guys. Thirty to forty of them attacked one guy playing dominoes. He got up and started knocking them down. He made his way to the inside basketball court for more room. Another inmate grabbed a bocci ball and ran towards the inmate getting assaulted by the wall near the bikes. He threw the bocci ball at his head. I could not recognize him. One inmate got hit with a red water jug. The water jug ended up near the soccer field. One inmate from Jim Wells A was leading the group assaulting one inmate, (Inmate Castro). Another inmate involved had a Border Brother tattoo on his neck. It appeared the Border Brothers jumped the Texas Syndicate. I don't know why it happened, the Border Brothers don't run anything on the yard. I think the Border Brothers would get hurt if they returned to the compound. People don't like what they did to the Texas Syndicate.

On February 10, 2001, at 9:50 a.m., the SIS Office conducted an interview with Confidential Informant #14214. C/I #14214 provided the following statement: I was in the weight cage working out when I heard people running. I saw a large group of Mexican inmates running. Half of them went towards the bocci ball court, half went around the weight cage like it was planned. I saw them assaulting two inmates, one by the Recreation cage, one by the wall.

On March 7, 2001, at 11:40 a.m., the SIS Office conducted an interview with Confidential Informant #14001. C/I #14001 was provided a photograph spread sheet for identifying inmates. He made the following statement: I was sitting on the bleachers when I saw a large group of Mexican inmates by the handball court. One guy, (Castro) was being assaulted by several inmates. Inmate Lopez-Lopez #03511-180, was striking him with a water cooler. The cooler was bluish green with a white top. Inmate Castro-Guzman #07170-081, was kicking inmate Castro. Inmate Giles-Rodriguez #07267-081, was kicking inmate Castro. Inmate De Jesus Flores #11799-051, was also involved in the assault.

On March 7, 2001, at 10:00 a.m., the SIS Office conducted an interview with Confidential Informant #14112. C/I #14112 provided the following statement: I went to the Recreation Yard at 7:00 p.m., and went to use the restroom when I saw several inmates fighting. I could not recognize the inmates fighting, nor would I identify them. I saw one inmate by the first name of "Jesus", on the ground being assaulted by about ten inmates.

On March 7, 2001, at 11:00 a.m., the SIS Office conducted an interview with Confidential Informant #13931. C/I #13931 provided the following statement: I was lifting weights when I saw a group of inmates walk towards the handball court. They came back with even more inmates. About twenty to thirty inmates come running from behind the weight cage and started

kicking an inmate by the bicycles. He covered up on the ground as they were kicking him. One inmate was hitting him with a red cooler. I think the cooler was left out there by the track. During the assault, one guy came back to the one on the ground and hit him in the face with a bocci ball. He picked up the ball and struck the guy on the ground again in the head. The guy with the bocci ball said, "That's what you get for messing with La Raza." I then saw several inmates kicking an inmate by the wall near the bicycles.

Castro stated he has never had any problems with the Border Brothers before he was assaulted. Inmate Castro said he could not recall what happened to him on February 6, 2001. He said he remembered doing laundry that day and not much else. He did not remember going to the Recreation Yard, or being assaulted. Castro said he is willing to testify in court regarding the assault. Inmate Castro said he thought the Border Brothers may have assaulted him because he does not associate with them. He said he talks to everyone and doesn't know who the Texas Syndicate members are.

On February 22, 2001, at 10:00 a.m., the SIS Office conducted an interview with inmate Garza, Luis #92434-079. Inmate Garza stated he has been at FCI Three Rivers for four months and has 27 years left on his sentence. Garza said, when he first got to FCI Three Rivers, he associated with inmate Cisneros, a Texas Syndicate member. He said he mostly keeps to himself and is not a gang member. Inmate Garza stated he did not know why he was assaulted. Garza said he was sitting on a bike when several inmates began running around. He said someone ran up to him and hit him. Garza said he fell from the bike and several other inmates began assaulting him. Garza said that there was so many of them, that he could not identify them. Inmate Garza said he has no enemies on the compound and does not want to testify against the inmates who assaulted him.

Martinez stated he was playing chess by the officers station on the Recreation Yard with a Cuban inmate. He said approximately 20 Mexican inmates ran up to him and inmate Jaime and started assaulting them. He said the Mexican inmates didn't like the inmates from Texas. Martinez said he did not want to seek prosecution against the inmates who assaulted him. He said he did not see inmates Castro-Ontiveros and Garza being assaulted. He also stated Castro-Ontiveros and Garza were not Texas Syndicate members.

On February 6, 2001, at 9:30 p.m., the SIS Office conducted an interview with inmate Jaime, Jose #89539-079. Inmate Jaime stated he is [REDACTED] has been at FCI Three Rivers approximately one month. Jaime said he went to the Recreation Yard at the 7:00 p.m., movement and was talking to inmate Martinez-Orozco #71774-079, at the card tables near the indoor basketball court. Inmate Jaime said approximately twenty or more Hispanic inmates began running towards him and began hitting and kicking him. He said many of them had steel toe boots on. Jaime stated he attempted to defend himself by fighting back, but there were too many of them. He said staff approached the area and the inmates ran off. Inmate Jaime said he did not

know why they attacked him. He did not have any prior warning anything was going to happen. Inmate Jaime said he did not want to prosecute the inmates who assaulted him.

Mr. Martin made the following statement: On February 6, 2001, at approximately 7:10 p.m., after securing the front gate and after the 7:00 p.m., move, I noticed inmates running from the patio area. I observed inmate Martinez, Jesus #71774-079, fall to the ground, going into a fetal position. I called for assistance via radio. I observed inmate Castro-Guzman, Francisco #07170-081, over inmate Martinez kicking and throwing punches with closed fists to inmate Martinez's upper torso and head area. As I approached inmate Martinez, I yelled and inmate Castro turned toward me and ran back inside the patio area. I also observed inmate Jaime, Jose #89539-079, being kicked and punched by numerous inmates in the patio area. Numerous inmates were pushing the gate so that inmate Castro could return to the patio area. Recreation Specialist Romero and myself secured the recreation grill.

On February 06, 2001, D. Esparza, Senior Officer Specialist, submitted a memorandum in regards to the assault. Officer Esparza made the following statement: On 02-06-01, at approximately 7:09 p.m., Willie Martin, Recreation Specialist, called for assistance on the recreation yard, stating there was a fight between gangs. As this was occurring, this reporting officer was stationary on the berm overlooking the recreation yard in the outside patrol vehicle #2. I was unable to observe the altercation due to my view being blocked by the hand ball court walls. Immediately staff requested medical staff. Upon arrival of J. Rannefeld, Operations Lieutenant, at approximately 7:11 p.m., he requested local EMS. Two inmates were then taken to medical. Local EMS arrived at approximately 7:24 p.m. Later at approximately 8:30 p.m., both inmates were transported by local EMS to an outside hospital.

On February 07, 2001, D. Romero, Recreation Specialist, submitted a memorandum regarding the assault. Ms. Romero made the following statement: On February 06, 2001, at approximately 7:10 p.m., I was at the metal detector monitoring inmate traffic entering/exiting the Recreation Yard during the open compound movement. After completing the move, I was en route back to the Recreation Yard when the incident occurred. I witnessed inmate Martinez #71774-079, running from the inside patio area past the recreation corridor gate being chased by an undetermined

amount of inmates behind him. Inmate Martinez fell to the ground in a fetal position outside the recreation corridor gate. Mr. Martin notified Control by radio and I ran to lock the corridor gate. I witnessed inmate Castro #07170-081, and another unknown inmate assaulting inmate Martinez. The unknown inmate ran back inside the patio area after striking inmate Martinez with his closed fists several times. Inmate Castro continued to assault inmate Martinez with his closed fists, kicking him several times, then ran back inside the patio area. I yelled at Castro to stop, but he did not comply. I was attempting to lock the recreation corridor gate while an undetermined amount of inmates were pushing the gate for inmate Castro to run back inside the patio area after assaulting inmate Martinez. Inmate Maldonado #02691-079, was begging me to let him out before I locked the gate. He stated, "They're gonna get me." I allowed inmate Maldonado access through the corridor gate, then locked the gate with the assistance of Mr. Martin. We waited for additional staff to arrive before proceeding inside the patio area. There was an undetermined amount of inmates running around the patio area. When additional staff arrived, I proceeded to the outside recreation area where I encountered inmate Castro, Felipe #25117-177, laying unconscious outside the weight pile with facial injuries. I also observed inmate Garza, Luis #92434-079. He had been assaulted and was walking from behind the sit up benches located outside the wellness area. I was telling inmate Garza to sit down, but he was incoherent, his entire left side of his face was swollen, bloody and was unable to walk without assistance. The medical staff arrived and the inmates had to be carried out on stretchers.

CONCLUSION AND RECOMMENDATIONS

This investigation clearly reveals that on February 06, 2001, at approximately 7:06 p.m., several members of the Border Brothers prison gang assaulted members and associates of the Texas Syndicate prison gang in the Recreation Yard. Inmate Castro-Ontiveros #25117-177, was assaulted by the weight cage. Inmate Garza #92434-079, was assaulted nearby, near the stationary bicycles. Inmates Jaime 89539-079, and Martinez-Orosco #71774-079, were assaulted near the indoor basketball court. It is believed the assault was a result of a previous dispute between the Border Brothers and Texas Syndicate at another institution. A video tape of the incident revealed several, approximately 30 inmates, running and assaulting inmates. It revealed, specifically, inmate Castro-Ontiveros being assaulted by several inmates near the weight cage. The video tape was secured as evidence and processed by the FBI. Frame by frame photographs were made of the video tape and reviewed by several Lieutenants and staff in an attempt to identify the assailants. Inmates Resendez-Mendez #53275-004, Fonseca #11925-045, and Garcia-Becerra #59771-065, were positively identified assaulting inmate Castro-Ontiveros and were subsequently prosecuted. Mr. Martin and Ms. Romero, Recreation Staff, positively identified inmate Castro #07170-081, assaulting inmate Martinez #71774-079, striking him with his fists and kicking him.

All identified Border Brother gang members and associates have been removed from general population and placed in the Special Housing Unit pending transfer or release from custody. The Texas Syndicate gang members and associates have been released back to general population.

Inmates Resendez-Mendez, Fonseca, Garcia-Becerra and Castro have been issued incident reports for Assault (101).

It is recommended inmates Resendez-Mendez, Fonseca and Garcia-Becerra be transferred to an institution deemed appropriate by the Administration. Their continued presence at FCI Three Rivers threatens the safety of inmate Castro-Ontiveros, as well as the safety, security and orderly running of the institution.

It is recommended inmate Castro-Ontiveros receive a CMC assignment of Separation from inmates Resendez-Mendez, Fonseca and Garcia Becerra. It is recommended inmate Martinez receive a CMC assignment of Separation from inmate Castro #07170-081.

SUBJECT: "Response to a Body Alarm"

On Tuesday, 2-6-2001 @ approximately 7:20 P.M. I responded to a "Body Alarm" called by Control "via" radio. At this time I was the only staff member in the Religious Services Department with numerous inmates in the Chapel. I covered my post until properly relieved by Chaplain Pequeno who was returning from the "Special Housing Unit" located in Jim Wells B unit. After I was relieved by Chaplain Pequeno I responded to control to pick up three three pairs of handcuffs and a video camera for the recreation yard. In route to the recreation department Officer Diaz and cook foreman Cook needed help carrying inmate Garea, Luiz #92434-039 who had a swollen head injury and was being transported in a hand lift stretcher into the medical department. I immediately helped by carrying the head area of the stretcher and placed the inmate on the examining table in the ER room in medical. This was directed by P.A. Silva. The video camera was given to Officer Wong. I remained in the ER room until the inmate was transported out of medical to go to a near by hospital. I then returned to the religious service department to prepare for the order to evacuate inmates out of the Chapel to their correct housing units. After this task was complete, I reported to the visitation room to wait for briefing and new orders.

On February 6, 2001, at approximately 7:05 P.M., I heard Recreation Spec. W. Martin call for staff assistance to the Recreation Yard in the Basketball/Patio Area. As I exited the Leisure Center, I saw Mr. Martin and Ms. Debra Romero, Recreation Specialist, attempting to lock the large grill (gate) to the main entrance of the Rec. Yard. When I turned the corner to follow the inmates, I saw approximately twenty to thirty inmates outside the caged weight pile area. As I approached the caged weight pile area, the inmates continued to walk or run toward the outside track and field area. As they cleared the weight pile area, I saw an inmate lying on the ground next to the entrance to the caged weight pile. I also saw an inmate wearing a grey sweat shirt, tan pants and a grey wool cap (pulled down low on his head) stop and kick the inmate that was laying on the ground. The unidentified inmate kicked the inmate lying on the ground, (later identified as Castro #25117-177) in the chest. On February 06, 2001 at approximately 7:05PM FCI Control Center announced, via 2 way radio, for all additional staff to report to the recreation yard for a fight in progress. Upon arriving at the entrance of the Recreation gate, I observed inmate Martinez-Orosco # 71774-079 attempting to enter the Leisure Center. He was bleeding from his left eye and breathing hard as if he had been exercising. I placed handcuffs on the inmate and placed him against the wall until additional staff had everything under control. I then escorted inmate Martinez-Orosco to the Special House Unit (JWB) pending investigation of the incident.

Lt. Rannefeld then requested me to prepare to escort an inmate out of the institution. I reported to the armory and checked out the necessary equipment. At approximately 8:30PM Inmate Garza, Luis #92434-079 was transported via EMS Ambulance to Beeville Spohn hospital. We arrived at the hospital at approximately 9:30PM. Upon arrival at the hospital the doctors determined that inmate Garza's injuries were too severe for that hospital to handle and that inmate Garza needed to go a Trauma Center Hospital. A Halo flight was called to transport Garza to Corpus Christi Spohn Memorial Hospital. At 9:55PM inmate Garza was airlifted to Corpus Christi Spohn Memorial Hospital where we arrived at 10:30 PM.

Arrangements were made to get a CT-SCAN of inmate Garza's head and upper body to try and determine how severe his injuries were. At 11:00 PM the CT-SCAN was preformed on Garza. He had a fractured skull on the left side of his head. The injuries were determined to be life threatening injuries and emergency surgery would have to be preformed to try and repair the damaged skull.

At approximately 11:35PM the inmate was moved back to the Emergency Room until the surgery could be preformed on him. I was relieved by Mr. David Salyers at 12:00am where he assumed duties of the inmate. I then reported back to the institution for further instructions.

DECLARATION OF ALLEN BEARD

In accordance with the provisions of Section 1746 of Title 28, United States Code, I, the undersigned Allen Beard, do hereby make the following unsworn declaration, under penalty of perjury, pertinent to the above-styled and numbered cause:

I, Allen Beard, am currently employed by the Federal Bureau of Prisons (BOP) as Chief Correctional Supervisor, or Captain, at the Metropolitan Correctional Center (MCC), New York, New York. I have been employed by the BOP since July, 1991, when I was hired as a Correctional Officer at , USP Lompoc, California . Subsequently, I was promoted to the positions of Senior Officer at USP Lompoc, Senior Officer Specialist at USP Florence, Colorado. Lieutenant (GS-9) at FCI Fairton, New Jersey , Lieutenant (GS-11) at USP Leavenworth, Kansas, and Captain at FCI, Three Rivers, Texas, where I served in that capacity from November, 2000 through May, 2002. Throughout my employment by the BOP, I have received training in many topics. Much of that training centered upon supervision, custody, and control of inmates. The more advanced training in those areas I received upon my promotion to Lieutenant, and then

upon my promotion to Captain. Conversely, I have given training on a number of occasions, and am very familiar with the manner in which the Bureau of Prisons manages inmate populations.

I understand that the plaintiff in this suit was assaulted by other inmates on the Recreation Yard at FCI, Three Rivers, on 6 February 2001. That assault occurred while I was Captain at that facility.

With respect to the principles which govern the management of inmates, I know that the BOP has not established numerical limits governing how many inmates a staff member, whether from the Correctional Services Department or otherwise, may supervise at a time. Nor has the BOP established a numerical limit as to the number of inmates who may congregate at a time. While it is true that inmates are not allowed to conduct an official function, such as a religious service, without staff supervision, inmates may congregate informally for the purpose of socializing. Staff, exercising sound correctional judgment in their supervision of the institution, are to watch for groups that might be too large, or for behavior which appears sinister. This supervision, however, is based upon the exercise of sound correctional judgment, not upon fixed numerical limits.

Central to the BOP's management practices is the principle that all staff members are considered first to be correctional workers first, and then to be teachers, case managers, secretaries, or whatever their position titles may be. The significance of this principle is that every staff member bears responsibility for management of inmates, so that the custodial presence of staff members in a given place at a given time is measured by the number of staff members there, not merely the number from the Correctional Services Department. For example,

on the Recreation Yard, where the plaintiff was assaulted, the custodial presence would include Correctional Services staff, Recreation Department staff, and any other staff in the vicinity.

Another principle central to the BOP's management practices is that of the readiness of staff to move to any part of the facility in the case of unusual situations, including, but not limited to, assaults such as the one sustained by the plaintiff. When an unusual situation arises in one part of the institution, such as the Recreation Yard, arises, other staff, from many different departments, converge rapidly upon the scene so as to restore normal conditions as promptly and safely as possible.

From the foregoing discussion it can be understood that there the management of inmates requires flexibility on the part of staff. For this reason, the BOP has not established limits as to the number of inmates which a staff member may supervise at one time, nor does the BOP prohibit inmates from congregating for the purpose of socializing.

I declare under penalty of perjury that the foregoing is true and correct. Executed this 22nd day of July, 2003.

A handwritten signature in black ink, appearing to read 'Allen Beard', is written over a horizontal line.
